
COOK ISLANDS GOVERNMENT
BUDGET ESTIMATES
2024/25

Book 2
Ministry Business Statements

Hon. Mark Brown
Minister of the Public Service and Minister of Finance
May 2024

Disclaimer

The Cook Islands Budget Book 2 has been prepared by the Office of the Public Service Commissioner for the purpose of summarising all Government departments' key deliverables for each output, total resourcing of each Agency and total funding for each Agency.

The use of the material for any purpose other than what it is intended for is prohibited. While every effort is made to ensure the accuracy of the information contained in the Cook Islands Budget Book 2, no responsibility or liability is accepted by or on behalf of the Ministry of Finance and Economic Management for any reliance placed on this information or any errors, omissions or misleading statements.

If there is any discrepancy between the figures provided in Budget Book 1 and Budget Book 2, the figures in Budget Book 1 will take precedence as these are appropriated in Parliament.

Abbreviations and Acronyms

Term	Definition
ACL	Avaroa Cable Limited
ADB	Asian Development Bank
AMP	Asset Management Plan
BCI	Bank of the Cook Islands

1. Ministry of Agriculture - Pae Anga'anga Tanutanu

1.1. Background

The role of the Ministry of Agriculture (MOA) is to manage the agricultural sector in the Cook Islands and to facilitate sustainable development in this sector in accordance with the Ministry of Agriculture Act 2021, NSDP, Agriculture Sector Action Plan 2020-2025, relevant policies, strategies and plans and the Ministry's vision, mission and values.

Under the Te Kaveinga Nui - National Sustainable Development Plan (NSDP 2016 - 2020), Agriculture is the lead Agency responsible for achieving Goal 10: "Achieved food security and improved nutrition, increase sustainable agriculture and improve biosecurity".

Goal 10 has four Monitoring Indicators –

- Increase import substitution - Indicator 10.1: Percentage of all food purchased that is produced locally,
- Increase food production - Indicator 10.2: Total Food Production,
- Retain arable land - Indicator 10.3: Total land used and reserved for Agriculture,
- Improve biosecurity - Indicator 10.4: Numbers of reported biosecurity outbreaks.

Our Agriculture Programmes also provide supporting and development roles to the following Goals:

- Goal 2** Expand economic opportunities, improve economic resilience, and productive
- Goal 3** Promote sustainable practices and effectively managed solid and hazardous waste especially - in managing agriculture chemicals, fertilisers, pesticides and Pesticides Act, organic mulching and organic bulking for soil improvement, cover crop, biocontrol and bio agent promotion, etc.
- Goal 4** Sustainably manage water and sanitation e.g., in agriculture water requirements, irrigation for crops, water for livestock, hydroponic water, etc.
- Goal 7** Improve the health of all and promote healthy lifestyle. Agriculture provides support in – Food safety (Fruit and Vegetables, etc.) from pesticides contaminants, CODEX, identify/promote nutritious food crop varieties, vegetables, roots and fruits – e.g., Turmeric, Ginger, Taro, Kale, Broccoli, Amaranths, Belle, Guava, and many local fruits, high in Vitamins, etc.
- Goal 9** Accelerate gender equality, empower all women and girls, and advance the rights of youth, the elderly and disabled – promoting ornamental and horticulture production, plant products, crafts, processing / value adding.
- Goal 11** Promote sustainable land use management of terrestrial ecosystems and protect biodiversity. e.g., conserve food crops, genetic resources, our food variety collection, contour growing, alley cropping, organic bulking, cover crops, traditional knowledge farming, lunar cycle methodology, etc.
- Goal 13** Strengthening resilience to combat the impacts of climate change and natural disaster e.g., Growing crops resilience to Climate change – those adapted to higher saline water and seawater intrusion into Atoll freshwater-lens, high temperature tolerant crops, disease resistant food crops, like Ducasse Banana varieties, etc.

1.1.1. Vision

Healthy soils, healthy foods, local and appropriate, while sustaining our common livelihoods.

1.1.2. Significant achievements and milestones

In this FY, the Secretary of Agriculture received recognition through her nominations to the following Regional/International committees.

Governance Board to develop the first Regional Agriculture and Forestry Strategy managed by IFAD and SPC.

Chair of the Pacific Heads of Veterinary and Animal Production Services (PHOVAPS) at its first meeting in Fiji held in November 2023. This position is for 2 years and works with the National Veterinary officer of Australia, New Zealand and the Pacific.

Other significant achievements and milestones throughout this FY:

The Ministry received the Public Service Excellence Award in FY 2023/2024.

The Ministry held another successful World Food Day event on 13 October 2023 with a theme "Water is Life".

Completed the Post Enumeration Survey and Drone Pilot testing under the ADB Technical Assistance Project KSTA 9646: Data Development (Phase II). The results were presented at the Regional Dissemination Workshop and Training on Microdata Anonymization held in Auckland, NZ in October 2023.

Also presented the results at the 57th DI-CoP meeting on Measurements on 12 December 2023.

Completed the FAO Technical Cooperation Projects which included:

- African Swine Fever Preparation and Management
- COVID Emergency
- Agriculture and Fisheries Census
- One Country One Crop

Completed the Biosecurity Plan for Palmerston, Manihiki and Penrhyn with the Department of Conservation (DOC), New Zealand.

Two Biosecurity officers attached to the Pacific Games in Honiara in November 2023 to assist the Solomon Islands Biosecurity with surveillance and potential risk of harmful pests and diseases from a surge in regional travel.

Hosted a successful International Plant Protection Convention (IPPC) and the Pacific Plant Protection Officers (PPPO) Draft International Standards for Phytosanitary Measures (ISPMs) Regional Workshop and PPPO Regional Technical Board Meeting, from 21 to 25 August 2023 for all National Plant Protection Officers (NPPO) including Australia and NZ.

The Ministry launched three pivotal online resources. They were –

- the revamped Regional Biosecurity Information Facility (BIF);
- the upgraded Pacific Islands Pest List Database (PLD); and
- the newly established PPPO webpage.

1.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CROPS RESEARCH
<p>Provide guidance / technical advice & support to all farmers including women groups growing horticulture agriculture through:</p> <ol style="list-style-type: none"> 1. Horticulture support (Fruits, Vegetables, Ornamentals, Hydroponics, Organic production, etc.) 2. Applied and adaptive research, small trials – varietal testing, export trials, basic soil testing and assessment. 3. Pest and Disease control and identification. 4. Administering Food Crops and Plant Genetic conservation and Protection in collaboration with FAO Plant Genetic Resources. 5. Crop Breeding / Improvement to Food Crops Genetic material. 6. Agro – Forestry, Erosion control and contouring cultivation and protection. 7. Soil and Water Management. 8. Nursery and Plant Propagation. 9. Support and training in Plant Protection – Pesticide Workshops, Fertilizer use and Nutrition of crops and others. 10. Representation in various Agriculture International Organizations.

1.3. Staffing Resources

Figure 1-1 Ministry of Agriculture organisational structure

2. Office of the Public Expenditure Review Committee & Audit Office

2.1. Background

The Director is an Officer of Parliament who carries out his role independently from Executive Government and Parliament, but is accountable to Parliament for the public resources he uses to do his job. The role exists because the ultimate authority for all public sector activity stems from Parliament.

The public sector is accountable to, and therefore subject to the scrutiny of, Parliament. Parliament seeks independent assurance that the use of resources and powers it has authorised. That independent assurance comes from the Director of Audit.

Article 71(1) of the Cook Islands Constitution appoints the Office as the auditor of all public entities in the Cook Islands – a total of about 60 entities. It is the Director's role to give independent assurance to Parliament and the public about how public entities and officials account for their use of public resources and their performance.

To ensure that elected officials act in the best interests of Cook Islanders they represent, Government and public sector entities need to be accountable for their stewardship over, and use of, public resources. The Office strengthens accountability, transparency and integrity by independently auditing Government and public sector operations and reporting on their findings. This enables those charged with public sector governance to discharge their responsibilities, in responding to audit findings and recommendations and taking appropriate corrective action, and thus complete the cycle of accountability.

The Director of Audit's purpose is to provide Parliament and Cook Islanders an independent view about public sector performance and accountability.

No other organisation, public or private, has the overview of the whole public sector that the Office has. As the auditor of every public entity, they have a role with each organisation and they can see the overall performance and accountability of the entire public sector in the Cook Islands. This gives them a unique position from which to influence improvements in the public sector's performance and the public management system.

The Public Expenditure Review Committee and Audit (PERCA) Act 1995-96 provides the Office with the mandate to conduct financial audits, performance audits, compliance audits and investigations referred to the Office by the Public Expenditure Committee.

The Audit Office plays a vital role in achieving Goal 16 of the National Sustainable Development Plan (NSDP) "Promote a peaceful and just society and practice good governance with transparency and accountability."

2.1.1. Vision

A high-performing team who make a positive difference to public sector performance, for the benefit of Cook Islanders.

2.1.2. Significant achievements and milestones

1. *Advisor to the Parliamentary Public Accounts Committee.*

The Office created a new output (Output 5) in this financial year to separate the advisory role of the Auditor to the Parliamentary Public Accounts Committee.

2. *Status of the audit of the Cook Islands Government’s financial statements as at 31 January 2024.*

The most recent audited Cook Islands Government financial statements are for the 30 June 2018 / 2019 financial year completed on 30 November 2020.

3. *Status of the audit of Government Ministries, Outer Island Administrations, State Owned Entities and Other Crown Agencies financial statements as at 31 January 2024. The Office is on track to complete 54 audits in this FY.*

The Office have worked collaboratively with their partners across the Cook Islands public sector to clear the backlog of financial statements, which had not been submitted for auditing on a timely manner. The number of Government entities that did not have up to date audited financial statements has decreased from 41 entities as at 30 June 2016 to current levels indicated in the table below.

Table 1: Number of entities that did not have up to date audited financial statements at year-end:

Financial Year End	Number of Entities that did not have up to date audited financial statements	Entities (%)	Total entities*
30 June 2024	9	19	47
30 June 2023	14	30	47
30 June 2022	7	15	47
30 June 2021	21	48	44
30 June 2020	8	8	45
30 June 2019	2	2	45
30 June 2018	10	10	45
30 June 2017	36	80	45
30 June 2016	41	91	45

* excluding State Owned Entities

4. *Increased engagement with the Public Accounts Committee (“the Committee”).*

As the Auditor of every public entity, the Office have a role with each organisation and can see the overall performance and accountability of the entire public sector in the Cook Islands. This gives them a unique position from with to assist the Committee by preparing annual review briefings, estimate briefings and bespoke advice to assist with deliberations by the Committee.

5. *Completed investigations.*

The Office has completed the following investigations as at 31 January 2024:-

- Complaint regarding the conduct of the Secretary of Cultural Development Report (30 June 2023);
- Parliament Building Extension of a budget overspend of \$353,406 Report (05 October 2022);
- Mitiaro Executive Officer Investigation (22 December 2020);
- Conflict of interest review regarding the Minister of Corrective Services (05 October 2020); and
- Penrhyn Islands Administration Energy Department Review (03 June 2020).

2.2. Outputs and Key Deliverables

2.3. Staffing Resources

Figure 2-1 Cook Islands Audit Office organisational structure
 (This structure does not include the new Output 5)

3. Business Trade and Investment Board

3.1. Background

The main role of the Agency under its mandate of the Development Investment Act 1995-96 and its Amendments 2019, relates to managing the legislative requirements for non-Cook Islands foreign companies or organisations to purchase and operate a foreign business in the Cook Islands. In addition, the BTIB focuses on assisting; supporting, training local Cook Islands businesses into sound business and financial management practices and providing an ideology that will assist the import substitution and export trade for the Cook Islands and more recently by extension reduces the country's risk with its major reliance on tourism.

3.1.1. Vision

Economic growth and prosperity for the people of the Cook Islands.

This vision mirrors the "Te Ara Akapapa'anga Nui NSDA 2020+" (NSDA) Te Kaveinga Iti – 5-year score card.

Goal 3:

- Indicator 3.3 – Improve National Economic growth,
- Indicator 3.4 – Increase economic diversity, and
- Indicator 3.7 – Minimise the barriers to doing business.

Goal 14:

- Indicator 14.2 – Increase economic engagement of Cook Islanders, and
- Indicator 14.3 – Redirecting foreign investment towards local ownership.

We believe that this encapsulates the economic development goals for the Cook Islands.

3.1.2. Significant achievements and milestones

- 1.Reduction in arrears clients by 16.2% with an increase in funding pool of \$72,735.57 taking the overall pool to \$575,735.57. More reduction in arrears clients are expected in the next 5 months to reduce arrears further.
- 2.In partnership with ADB, a draft National Investment Policy Statement was circulated to all stakeholders and expect to finalise the National Investment Policy Statement by June 2024.
- 3.The National Investment Policy stocktake takes into account all of the Government policies that have a direct or indirect impact on foreign direct investments which is due to be finalised by June 2024.
- 4.Foreign Investment Landing page completed with 3 Investment Promotion videos launched in English, Italian and French languages.
- 5.Working in partnership with three agencies to deliver business training to the Pa Enea and Rarotonga business sectors.
- 6.Established a working relationship with PPIU where the Agency submitted and approved six projects to build and improve infrastructure of Trade in Services and Investment.
- 7.Strategic Plan developed and endorsed by the Board and the Minister for BTIB to carry out the implementation plan in the next 5 years.

3.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	BUSINESS ENTERPRISE
1. Funding – ensure accountability around the Revolving Fund is sustainable to encourage and support local businesses. 2. Information – provide relevant and updated business information and opportunities via the Business Hub, Business Gazette, Website and Facebook. 3. Figure 3-1 BTIB organisational structure

4. Cook Islands Investment Corporation

4.1. Background

CIIC was established in 1998 through the Cook Islands Investment Corporation Act. CIIC has a vast scope of responsibilities with technical ownership of all crown assets and contributing to national development across a number of areas. Today, CIIC has a portfolio of assets (book value) of over \$500 million, with a broader responsibility of risks of nearly a billion dollars in the medium term (3-5 years), including a number of large infrastructure projects. CIIC's vision is "Te au apinga puapinga te ka tauturu i te iti-tangata Kuki Airani, Quality assets that serve the Cook Islands people."

By assets, we mean land, properties, infrastructure and utilities that are owned by the Crown, for the benefit of the Cook Islands people, they include:

- Crown and leased land, Government houses and buildings
- the Ports and Airports of Rarotonga and Aitutaki
- Te Aponga Uira Power Authority and Aitutaki Power Supply
- the Bank of the Cook Islands
- investments in reticulated Water and Sanitation
- Telecommunications infrastructure and enterprises including Avaroa Cable
- Facilities management including Punanga Nui Market; and
- Seabed mineral assets and enterprises

By improving the wellbeing of Cook Islands people, we mean adding value to the lives of Cook Islands people and meeting Government's social policy objectives. In achieving our vision CIIC separates our business into five equally important elements or functions, as outlined below, with their respective purpose:

- Crown Enterprises; Lead governance, oversight and development of Crown enterprises for the effective delivery of services to the Public and ensuring the sustainable improvement of the wellbeing for all Cook Islanders, and
- Asset Development: Lead the effective development of Crown assets for the effective delivery of services to the Public and ensuring the sustainable improvement of the wellbeing for all Cook Islanders, and
- Asset Management: Lead the effective management and maintenance of Crown assets for the effective delivery of services to the Public and ensuring the sustainable improvement of the wellbeing for all Cook Islanders, and
- Land Management: Lead the effective management of Crown land for the effective delivery of services to the Public and ensuring the sustainable improvement of the wellbeing for all Cook Islanders, and
- Support the responsible Minister, Cabinet, Board of Directors, Directors, Management and staff across the Group to effectively govern and manage the effective delivery of services to the Public and ensuring the sustainable improvement of the wellbeing for all Cook Islanders.

4.1.1. Vision

Te au apinga puapinga te ka tauturu i te iti-tangata Kuki Airani – Quality assets that serve the Cook Islands people.

Tau meitaki no te akakoro'anga, akatuke atu i te au apinga no te katoatoa te ka oronga mai, tauturu ma te akameitaki atu i te turanga ora'anga o te iti-tangata Kuki Airani – Fit for purpose, transformational public assets that deliver, serve, and improve the wellbeing of the Cook Islands people, in harmony with our culture and our environment.

4.1.2. Significant achievements and milestones

1. ASSET MANAGEMENT PROJECT

CIIC has been focusing significant resources and delivering a Government wide Asset Management Programme, a project that has been in the making spanning a number of years. The project's aim includes the cataloguing of all Government buildings, condition assessments and valuations across the nation. Each building record has been digitised and is accessible via a web portal which connects to the asset registry database, Asset Finda, where users can access building plans, imagery, valuations and assessments, among other records.

A works order system is currently being trialled, which will allow staff at each property to log work requests and property issues. A presentation of the project was delivered and well received by over 60 government staff, who received an update of the project from the project manager and our cadets.

2. LAND REGISTRY

Similar to Government's asset management programme, CIIC's land registry project has been an equally important work stream. Phase 1 of the Land Registry Project has been largely completed, with 98% of Crown's land tenure captured and recorded in our Asset Finda system, with all records digitised and accessible.

We are able to articulate that Crown has a direct interest in 3.2 million square metres or 320 hectares or 790 acres. We are able to articulate digitally which parcels of land were attained by warrant, which parcels have been leased, the particulars of each lease etc. These data will be accessible to Crown Ministries, Crown agencies and Island Councils in the near future via a secure web portal.

Phase 2 of the land registry project will involve capturing land tenure matters of CIIC's entities, such as Te Aponga and To Tatou Vai, and this is expected to be completed by June 2024.

3. INFRASTRUCTURE UPGRADES – RAROTONGA

A number of infrastructure projects were undertaken during the year on Rarotonga. Key projects include the completion of the new Mental Health Facility, the adjacent TMO Pharmacy Building Extension and the new TMO IT Building at the Rarotonga Hospital.

A fit for purpose new toilet facility was also completed at the Punanga Nui Market.

This facility includes disability toilets, a baby changing room and ramps for wheelchair access, all of which provide improved facilities for the Market and its visitors to enjoy.

During the year, CIIC collaborated with EMCI to refurbish the Nikao CICC Sunday School Hall. This work ensured the hall is fit for purpose to serve the Nikao community in the event of future emergencies.

The installation of the first passenger lift in the Cook Islands commenced during the year for the Ministry of Justice. This project is due for completion in August 2023.

4. INFRASTRUCTURE UPGRADES — PA ENUA

A number of infrastructure upgrade projects were undertaken during the year across the Pa Enua. Key projects have been centred in Aitutaki, Mangaia and Manihiki.

• AITUTAKI

September 2021 saw the blessing and signing of a Memorandum of Understanding (MOU) between CIIC, the Cook Islands Ports Authority and the Aitutaki Island Government for the Arutanga Harbour. Phase 1 of the project commenced thereafter and involved moving silt out of the channel and basin to allow a safe and clean marine environment and fit-for-purpose basin. An estimated 130,000 cubic metres (an increase from the original estimate of 70,000 cubic metres) of mud and sand will be removed to be used for improvements around the port and other community projects. Phase 1 is expected to be completed in June / July 2023 with phase 2 starting

thereafter. This second phase includes sheet piling, hardstand works, installation of culverts and general port and public coastal area improvements.

- **MANGAIA**

The Mangaia project team will be completing 2 years' of work in June 2023. This work has included major renovation work at the Mangaia Hospital and doctor's residence, the supply and fabrication of a 20,000 litre ground fuel tank, major renovations at the Administration Building (including the BCI branch), major improvements at Mangaia School, the Infrastructure Workshop, and works at the Airport terminal building.

- **MANIHIKI**

Construction of the new Manihiki Island Administration Building in Tauhunu started with a ground-breaking ceremony held in early May 2022 and the work was completed in October 2022. The building delivers core public services including Internal Affairs and Justice Services. The Cyclone Management Centre accommodates 10 public servants as well as Bank of Cook Islands staff. CIIC staff commenced work in January 2023 on initial refurbishment works at the Manihiki, Tukao Cyclone Management Centre to ensure this facility was fit for purpose and could withstand the impact of tropical cyclones and strong winds. This work was completed in May 2023 and further refurbishment work is planned in the near future for Tukao, along with refurbishment at the Tauhunu Cyclone Management Centre.

5. Ministry of Corrective Services – Te Tango Akatanotano

5.1. Background

The Ministry of Corrective Services is responsible for ensuring that offenders are managed securely and safely within the Prison and in the community. It will ensure that offenders are held accountable for their offending and aim at reducing reoffending through rehabilitation and reintegration programmes. This will be a modern institution that engenders trust and confidence through effective, transparent and responsive framework where justice and information is accessible to our community.

The mission is "To successfully rehabilitate and reintegrate offenders back into society through positive changes in their lives with the support of our stakeholders, our families and our wider communities." Their goal is keeping Cook Islands safe and continuing making changes in lives.

The Ministry's priorities are:

- Safety
 - Rehabilitation and Reintegration to reduce reoffending
 - Investing in our people
 - Improving our legislation, policies and procedures.

5.1.1. Vision

Kia Moe Au Te Kuki Airani – For a Safer Cook Islands

5.1.2. Significant achievements and milestones

- 1.The Ministry received an unmodified audit opinion for a fifth consecutive time with no management issues raised. This gives our stakeholders confidence in key decision-making and internal control processes within the Ministry.
- 2.Twenty staff were initially enrolled into a Management level course with CITTl and an estimated number is expected to graduate in February 2024.
- 3.There were no Prison escapes, despite key infrastructure and resource limitations.
- 4.The Integrated Offender Management System is currently progressing in the data entry and analysis phase of the project.

5.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	PROBATION SERVICE
<p>The Probation Service Division is responsible for the management and support of persons placed on probation by the Courts or operation of the law. It is also responsible for rehabilitation programs to ensure that probationers do not commit any more crimes. It is headed by the Chief Probation Officer and supported by the Senior Probation Officers. The core work of Probation is to:</p> <ol style="list-style-type: none"> 1. provide reports to the Courts and offenders, sentence completion 2. monitor the compliance of sentence conditions of offenders 3. discharge offenders by the end date of their sentence 4. provide access to rehabilitation service and reintegration programmes

Figure 5-1 Ministry of Corrective Services' organisational structure

6. Crown Law Office –Te Akinanga ō te Ture

6.1. Background

The Crown Law Act 1980 ("the Act") established the Crown Law Office (CLO). The "Principal Functions of the Office" are set out in section 10 (as amended) of the Act, which states:

- 1.The principal functions of the office shall be to advise the Government of the Cook Islands on legal matters that may be referred to it by the King's Representative, Cabinet, the Prime Minister, a Minister, the Ombudsman, a Head of Department, or Statutory body or Corporation.
- 2.The Attorney-General shall have the power, exercisable in his discretion, to institute and conduct civil or criminal proceedings and may discontinue any criminal proceedings and may discontinue any criminal proceedings whether instituted by him or otherwise."

In addition to legal advice and litigation (both criminal prosecution and civil proceedings), the CLO is also involved in the drafting of legislation, in particular (at this stage) the management and oversight of this.

The advice that the CLO gives to Government covers a very wide range of issues, many of which are novel and complex. The advice can relate to minor issues as well as very significant issues relating to matters involving millions of NZ\$. Also, issues relating to the Constitution, the working of Government and the sitting of Parliament. The CLO also reviews all Requests for Tender (made pursuant to the Procurement Policy) and Government contracts before signing.

The CLO prosecutes serious criminal offences before Judges of the High Court, and also some less serious offences which raise complex or novel issues of law or fact before Justices of the Peace. The CLO also provides advice and guidance to the police in a wide range of cases. The Crown Law Office also acts for the Crown in appeals before Judges of the High Court, the Court of Appeal and where appropriate in the Privy Council. The CLO also deals with requests for mutual legal assistance by foreign states.

The CLO acts for Ministries, the Attorney-General in civil litigation brought on behalf of the Government, and in which the Government is the defendant. The litigation covers a very wide range of claims, involving many different and varied aspects of civil law. The Crown Law Office also deals with certain matters in the Land Court where appropriate.

The Solicitor-General is one of the four members of the Central Agency Committee (CAC) and one of the two members of the Tender Committee. The Solicitor-General is also one of the three members of the High Court Rules Committee, and is the Chair of the Land Agents Registration Board. The Solicitor-General is a member of the Anti-Corruption Committee, National Security Committee and the Governance Group.

7. Ministry of Cultural Development – Tauranga Vananga

7.1. Background

The role of the Ministry is to:

1. preserve, perpetuate and enhance the Cook Islands cultural heritage in order to uphold tradition and develop an appreciation for this important national resource;
2. encourage the growth and expansion of productive economic, social and educational activities as may enhance cultural art forms;
3. present where appropriate, the varied elements of ancient and contemporary Cook Islands art and cultural forms;
4. maintain the unique cultural national identity of the people of the Cook Islands.

7.1.1. Vision

Kia rauka te oraanga tiratiratu tei umuumuia ē te iti tangata, tangoia ki runga i ta tatou peu Māori e te ao tini taporoporoia ō te Basileia.

To enjoy the highest quality of life consistent with the aspirations of our people and in harmony with our culture and environment.

7.1.2. Significant achievements and milestones

1. Stage 1 of a 3 phase restructuring of the MOCD organisation structure completed, to allow some core activities to be more visible. Property Management, HR, IT and COMMs have now been raised on the structure to be answerable directly to the HOM. Phase two of the restructure will focussed on resetting the MOCD's Corporate Services with more emphasis on a streamlined Finance structure.
2. Completed year two of a three-year partnership with The Edgewater Resort & Spa as sponsor of the now upgraded Mire Atu Kukl Airani. This event is now an international event and open to overseas talent. A full promotional schedule will be carried out to encourage all Cook Island composers to enter the 2025 competition. MOCD's focus will also be to turn all national events into international events with the view to including our overseas Cook Islands communities.
3. Commence the setup of a Business Development and Events department to better realise revenue-generating opportunities will be part of Phase 3 of the proposed restructure. The establishment of BD&E focus will streamline revenue generation, with focus on yield managements, better cost to revenue returns, and a better value proposition to all clients including Government Agencies using MOCD facilities and services.
4. Completed 35 events over the course of the financial year (July 23 to date) including national events with a number of large international events including PIFL meeting (est. 400 attendees), the WCP Fisheries forum (est. 300 attendees) The Apostolic Church Council (est. 300 attendees, and other smaller local events. MOCD have started the design of a MICE promotional kit for international promotion. The first successful bid to host an international corporate conference is with the Stihl conference in 2025.
5. Successfully secured support from UNESCO and other regional organisations to provide in-house and on the field specialist training for MOCD Heritage staff in the areas of Artefacts Management and Preservation as well as the Repatriation of Artefacts. UNESCO and Japan is funding training for up to five candidates for both in country training on training on the field in Japan to training our museum staff.

7.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CULTURAL IDENTITY
1. To understand the relationships around us and maintain the unique national identity of the people of the Cook Islands 2. To promote our cultural events and all its arts and art forms 3. To strengthen, shape our cultural identity, understand and learn the different cultural identities (language and dialects) 4. To strengthen our cultural values among our support partners and community (meetings, incentives, conferences, forums, events)

7.3. Staffing Resources

Figure 7-1 Ministry of Cultural Development organisational structure

8. Ministry of Education – Maraurau ō te Pae Apii

8.1. Background

To provide an education system in the Cook Islands, with an emphasis on:

1. providing education to all learners
2. the use and preservation of the Cook Islands Maori language, culture, perspectives and aspirations
3. equitable access to education of high quality
4. a high level of community involvement in determining educational outcomes; and
5. ensuring that everyone involved in the education system is treated with dignity, respect and understanding.

8.1.1. Vision

The Ministry of Education values the unique nature of the Cook Islands.

We contribute to the effective governance of our country and are recognised as leaders in education throughout the region.

The Ministry of Education provides a dynamic and professional environment which promotes and supports lifelong learning through the provision of quality services.

This Ministry vision works to support the vision of the Education Master Plan which is to “build the skills, knowledge, attitudes and values of Cook Islanders to put their capabilities to best use in all areas of their lives”.

8.1.2. Significant achievements and milestones

The Ministry is currently drafting the new Education masterplan, a great opportunity to evaluate the successes and determine the significant milestones that would make considerable impact for our teachers, staff, school communities and importantly our learners. Some of the significant milestones and achievements for the current financial year include:

1. Improving the literacy and numeracy outcomes, which remains as a key goal for the Ministry. Schools are trialling various tools to assess both literacy and numeracy in the primary school year levels and anticipate improved results due to tools that are more fit for purpose.
2. Strengthening the Inclusive Education services to learners and schools bolstered with the introduction of a Speech and Language Therapist at MoE, allowing focused support and professional development for teacher aides.
3. Increasing enrolment from school leavers and communities into vocational education with CITTI, through expanded course offerings in Pa Enea.
4. Maintaining the ‘unmodified audit report’ and high performance of the financial processes with the Ministry, as at 2023 the Ministry has attained the unmodified report for the 12th consecutive year.
5. Completing the drafting of the new EMP and tabulating this document in the Cabinet before 30 June 2024.

8.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	TAKU IPUKAREA KIA RANGATIRA
Taku Ipukearea Kia Rangatira is intended to strengthen a learner's identity as a Cook Islander. It mandates the MoE to provide quality programmes that promote Maori language and culture, research and use appropriate learning, teaching and assessment techniques for Cook Islands learners including our young people. The Ministry supports the growth of cultural and creative industries in the Cook Islands, and challenges us to ask how our programmes and initiatives contribute to strengthening Cook Islands identity. In fulfilling international obligations, the MoE seeks to be recognised as an educational leader in the country and the Pacific region through demonstrating development initiatives in education.

OUTPUT:	02	OUTPUT TITLE:	LEARNING AND TEACHING
Educational success can be enhanced by improving the quality of teaching and the quality of educational leadership. This Output focuses on improving teaching and learning across all aspects of the education system and for all learners. In particular, we focus on improving the core skills of literacy and numeracy and on lifting the achievement of those groups of learners who are not achieving as well as their peers.

8.3. Staffing Resources

Figure 8-1 Ministry of Education Functional organisational structure

9. National Environment Service – Tu’anga Taporoporo

9.1. Background

Tu'anga Taporoporo - the Cook Islands National Environment Service is the central Government Agency charged with protecting, managing and conserving the environment of the Cook Islands, on behalf of and for the benefit of present and future Cook Islanders.

9.1.1. Vision

Ipukarea Tūmanava – A Clean, Green and Sustainable Cook Islands.

9.1.2. Significant achievements and milestones

1. Completed the NES 5-Year Strategic Plan & Framework, which laid the foundation for the work plan ahead. A strategy set in 2022 and revised in 2023.
2. Launched the National Environment Policy 2022-32 as a flagship project for NES to focus on six policy goals: Land, Marine, Water, Biodiversity, Air and Climate Change and Waste.
3. Secured \$1M additional funding from the Cook Islands Government to NES in the 2023/24 financial period, due to lobbying and negotiations of the NES Strategic Plan and initiatives. This is a 63% increase in funding for NES's core budget support from the Cook Islands Government. A historical milestone.
4. Implemented the Human Resource Reorganisation Plan within 2 months of starting with NES. This plan restructured NES to reduce Full Time Employees (FTE) from 46 to 33, reduced number of Managers from 5 to 4, wrote new job descriptions and employment agreements for all staff and implemented a new Performance Review Management System. All steps were approved by OPSC.
5. Launched the Environmental Communication Strategy (ECS 2022-27) within 5 months of starting with NES - with its website as one of the best sites in the Cook Islands Government and a refreshed awareness programme. This included a whole rebranding of NES with brand guidelines, 16 new Factsheets, 7 new videos, new website, online forms for permits & consents, fortnightly e-newsletter called Te Kura Tavake, and a social media posting calendar, and facilitated communications training of NES staff in Adobe (InDesign, Illustrator and Premier Pro), Campaign Monitor and Survey Monkey
6. Tidied up NES's financial statements and accounts, which obtained a disclaimer auditor's opinion from the two prior years. This included tidying up of the fixed asset register and reconciling of all balance sheet accounts.
7. Overhauled the whole Environmental Compliance regime with new processes to allow NES staff to conduct technical and legal assessments, tightened NES's compliance processes and communicated these processes to the public under Factsheets 2-5, and ran an induction programme to the Environment Authority Boards of Rarotonga, Aitutaki and Mauke
8. Capacity building of the NES team which included 3 staff enrolled in the University of Newcastle Post Grad Certificate in Environmental Studies, brought technical experts from ADB and others on specialised areas such as water resource management and coastal development, and established the NES-STAC group of Science & Technical Advisory Committee within NES to build technical capacity.
9. Secured significant funding to run the Environment Programme: US\$3.5M for the Global Environment Facility (GEF-7) to start in May 2023, US\$8M for GEF-8 to start in late 2024 and US\$300k to update the Cook Islands' National Biodiversity Strategy and Action Plan
10. Developed first partnerships with Government Agencies, NGOs, and Island Governments to build consensus on environmental protection, conservation and management work

11. Developed international commitments and negotiations, particularly on the Inter-governmental Negotiation Committee for the International Legally Binding Instrument to End Plastic Pollution. This includes significant engagement and raising of the Cook Islands profile in the High Ambition Coalition, Pacific Small Islands Developing States and the Alliance of Small Islands States. Built strong relationships with technical experts.
12. Completed the revised first draft of the Environment Bill 2024 (overhaul of the 2003 Environment Act) to enter the public consultation phase before readings in Parliament
13. Completed the first phase of Tita ki te Tita kore project, a legacy waste collection project that has collected over 90,000kg of hazardous waste.

9.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	PUNA 'AKATEREAU – ENVIRONMENTAL POLICY & PLANNING

9.3. Staffing Resources

Figure 9-1 National Environment Services organisational structure

10. Ministry of Finance and Economic Management - Te Tango Akatereanga Moni o te Ipukarea

10.1. Background

Ministry of Finance and Economic Management (MFEM) is a key institution of the Crown and fulfils a pivotal role to Government in achieving its priorities. As a Central Agency of Government, MFEM strives to provide robust advice to the Government and assist it to implement its policy objectives in the most efficient and effective manner possible. The Ministry has moved beyond its financial accounting role of the Crown to be firmly placed as the premier adviser to the Government on key financial and economic issues facing the country.

10.1.1. Vision

MFEM shall be a competent and professional organisation, inspiring public trust and confidence to meet evolving challenges.

10.1.2. Significant achievements and milestones

Output 1: (Economic Planning Division):

1. Over the past year, the economy has witnessed a steady recovery despite several challenges, the most prominent being inflation. This recovery has provided support to the objectives of the Economic Recovery Roadmap (ERR), as there has been progress in various projects under it. Furthermore, the route development programme has been working continuously to ensure better airline access.
2. Although there have been some personnel absences in EPD and the banks, the banking and payment projects have been moving forward.
3. The foreign investment work has been progressing steadily, and there are expectations of significant steps in developing the policy settings in the future.
4. It has been challenging to manage the fiscal envelope since the Government has many priorities, and the fiscal balances are still recovering from the pandemic.

Output 2: (Treasury Management Division):

1. The execution of the numismatics tender 2022 has achieved the intent of that exercise by realising increased numismatics revenue in subsequent periods.
2. Internal Audit continues with its investigations and works with Agencies on issues relating to accountability to strengthen Government-wide competency.
3. There are 88% of Government Agencies deployed on FMIS, which has increased the volume of transactions that come through the Treasury for processing.

Output 3: (Revenue Management Division):

1. Implement and embed new systems and processes: - RMS Zephyr and ASYCUDA World / integration of Pa Enea tax policy.
2. Customs and tax modernisation / reforms:
 - Tax Policy recommendations – introduction of a tax administration act and new tax system (RMS Zephyr).
 - PACER Plus (Harmonised System 2022 / other changes) and concessions.
3. Border security: operations to disrupt the importation of narcotics and introduction of a Customs Detector Dog Handler.

Output 4: (Cook Islands Statistics Office):

1. Completion of the Climate Change and Labour Force Survey data collection.

- 2.The first-ever "Working with Data Community of Practice" is launched as part of the new "National Strategy for the Development of Statistics in the Cook Islands" initiative.

Output 5: (Development Coordination Division):

- 1.After seven years of dedicated effort and strategic planning, DCD-MFEM is proud to announce the approval of our first country project under the Green Climate Fund (GCF). This significant milestone marks a pivotal moment in our journey toward building resilience within the health sector, extending from the national level to communities and households. With this project, we are advancing our organizational goals and contributing to our nation's sustainable development objectives.
- 2.We aim to fortify our health infrastructure through targeted interventions and collaborative partnerships, enhance community health preparedness, and empower households with the knowledge and tools to withstand climate-related challenges. This achievement underscores our commitment to leveraging climate finance to address pressing environmental and social concerns, ultimately fostering a healthier, more resilient future for all.

Output 6: (Major Project & Projects Procurement Support Division):

- 1.Pacific Islands Forum Procurement Support and Oversight. Within a limited timeframe, managed purchase of EVs for PIFs and contributing to Cook Islands energy goals towards clean green transportation and lowering vehicle emissions.
- 2.Delivery of a shipping charter to Pukapuka.
- 3.Successful completion of three staff with ADB ITCLO Buildproc Procurement Certificates.

Output 7: (Financial Secretary):

- 1.The MFEM Strategy Plan 2022-26 embedding programme and key actions under each priority are seeing significant improvement in the people, process, systems and data work streams.
- 2.The new MFEM website was launched in July 2023 and the general feedback on its content has been extremely positive.
- 3.The recent centralisation of the Human Resource administration into the Financial Secretary's Office in November 2023 has already resulted in realising the benefits of providing a consistent process and structure to end-to-end recruitment across the Ministry.
- 4.The Divisions are implementing and embedding their Workforce plans and improving how we work.
- 5.The Ministry's internal financial strengthening programme has been successful and has now been restructured in the 24/25 financial year to target the strengthening of our Ministry-wide human resource management.
- 6.Our participation on local and international Committees and Boards particularly with the FinSec, DCD, and the wider Ministry is rapidly expanding. Our highly skilled staff successfully represented the Cook Islands at fifteen regional and international meetings, workshops, and forums over the last six months.
- 7.The Ministry implemented a new monthly process to centralise the unspent personnel budget of the Divisions. This new approach has proved to be successful, as it has enabled the Ministry to allocate resources more efficiently and effectively. As a result, critical resourcing has been put in place as and when required, allowing for important and time-sensitive work to be completed. This approach has led to a significant reduction in the unspent personnel budget for the 22/23 financial year, with the added benefit of enabling critical and unplanned work to be completed without delay.

10.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	ECONOMIC PLANNING DIVISION
<p>Driving responsible leadership in national economic and financial management – the Economic Planning Division’s core functions include fiscal and economic planning, national budget development, publishing regular fiscal and economic updates, and updates to the Medium-Term Fiscal Framework (MTFF) and the Economic Development Strategy (EDS).</p> <p>The basis of these core publications is to provide sound economic and fiscal policy advice to Government including the development of policy proposals relevant to business and employment in the Cook Islands. Large projects and programmes will be used to source and finance specialised expertise as part of project preparation and design.</p>

OUTPUT:	04	OUTPUT TITLE:	COOK ISLANDS STATISTICS OFFICE
<p>The Statistics Office contributes to creating an informed Cook Islands society through the production and dissemination of Official Statistics. The impact of Official Statistics is that the Cook Islands gets the Information it needs to grow in order for our people to enjoy the highest quality of life. The key Policy outcomes are taken from the Cook Islands Strategy for the Development of Statistics (CSDS). The Statistics Office is an official organisation created by an Act of Parliament, responsible for the collection, compiling, analysing and disseminating all official data relating to the country's economic and social activities. The National Statistical Office (NSO) is at the centre of the National Statistical System (NSS), charged with a coordination, regulatory and supervisory role.</p>

OUTPUT:	05	OUTPUT TITLE:	DEVELOPMENT COORDINATION DIVISION
<p>The Division is directed by the Cook Islands Development Partner Policy and reports to the National Sustainable Development Commission (NSDC). The Policy states that the Cook Islands development outcomes achievement will be supported by the effective and efficient use of Official Development Assistance (ODA), aligned with the NSDA 2020+. The Division fosters relationships with a broad range of development partners to broker coordinated arrangements. These activities are increasingly delivered through diverse partnerships at various levels, including local Government, civil society, private sector, and national Government agencies.</p> <p>The Division seeks to provide high-quality development advice to partners, including Ministers, Government Agencies, committees, community groups, private interest groups and donors. The Division contributes to developing concessional loans and blended financing arrangements with partners like the Asian Development Bank, Asian Infrastructure Investment Bank and Development Partners like New Zealand, Japan and the European Union. Estimated ODA over the coming three years and past spending is reported in the national budget document annually. The Division produces annual financial statements which aim to produce a complete picture of ODA provided to the Cook Islands and its allocation by sector and activity.</p>

11. Financial Services Development Authority

11.1. Background

The primary role of the Financial Services Development Authority ("FSDA") is captured by section 14 of the Financial Services Development Act 2009 ("FSD Act") which sets out its objective as "to encourage, promote and develop the Cook Islands financial services industry so as to achieve sustained growth, in a manner which is economically beneficial, socially responsible and reputable." The "financial services industry" is defined in section 2 of FSD Act to include all business carried on under the Trustee Companies Act 1981-82 (now repealed and replaced by the Trustee Companies Act 2014), the Banking Act 2003 (now repealed and replaced by the Banking Act 2011), the International Trusts Act 1984, the International Partnership Act 1984, the Insurance Act 2008, the Limited Liability Companies Act 2008. Financial services for the purposes of the FSD Act also include business carried on pursuant to the Foundations Act 2012 and the Captive Insurance Act 2013 and the International Relationship Property Act 2021.

11.1.1. Vision

To be a continued and valuable source of support for the financial services industry through the provision of funding, expertise and administration services assisting the industry in achieving consistent growth which is economically beneficial to the Cook Islands, socially responsible and enhances the Cook Islands reputation as a relevant, compliant and progressive international financial centre.

11.1.2. Significant achievements and milestones

1. International Relationship Property Trust Act 2021 – the legislation was passed in December 2021 providing for the establishment and administration of the International Relationship Property Trusts (IRPT), the first legislation of its kind in the world. The IRPT was launched internationally during the current financial year with comprehensive advertising and promotion in international publications and on social media. FSDA and Reuben Tylor, the creator of the IRPT, attended the STEP Asia Conference 2022 in Singapore where Mr. Taylor was granted a speaking slot to introduce the IRPT to global audience.
2. Cook Islands Corporate Tax Review – FSDA has chaired the EU Working Technical group since 2019. The Group is leading the review of Cook Islands corporate tax laws. The FSDA has engaged Sir Robert McLeod from NZ to act as technical advisor. The first part of Sir Robert's review resulted in amendments to the corporate tax residency test in December 2021. The second part of the review deals primarily with amendments to the dividends source rule and dividend non-resident withholding tax rules. The amendments to be proposed to the Income Tax Act will be for the benefit of the Cook Islands financial services industry and the Cook Islands generally and should be in place by the end of the current financial year.
3. Marketing Strategy Roadmap – FSDA engaged consultant Tony Fe'ao to produce a marketing strategy for FSDA. The Cook Islands Marketing Strategy Roadmap is aimed at building an engaged audience across our social our social media platforms and website. This will be achieved by creating and posting interesting and topical content that generates a positive perception of the Cook Islands as a financial services centre. The Marketing Strategy Roadmap is intended to be fully implemented by the end of the current financial year.

11.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	INCREASE THE CONTRIBUTION OF FINANCIAL SERVICES INDUSTRY TO THE COOK ISLANDS ECONOMY
Through the encouragement, promotion and marketing of the Cook Islands financial services industry generate increased revenues for Government and increase the industry's contribution to the Cook Islands economy.

12. Ministry of Foreign Affairs & Immigration – Te Kauono Tutara e te Mana Tiaki

12.1. Background

Te Kauono Tutara e te Mana Tiaki - Ministry of Foreign Affairs and Immigration is the Government's primary, specialist Agency responsible for representing and advancing the Cook Islands' interests internationally and for providing an effective national immigration service that enhances the security of the country's borders. It carries out its functions across the full range of economic, political, social, environmental, security and other national priorities as contained in the National Sustainable Development Agenda 2020+ (NSDA) and other national and international policy documents and commitments.

Addressing the challenges facing the Cook Islands in a rapidly evolving geo-political environment characterized by threats to health, economic, political, societal and environmental security is a long-term, sustained process requiring concerted action and elevated levels of engagement by the Ministry, both within the country and overseas. This necessitates MFAI keeping abreast of regional and international developments, providing advice to the Government on the implications of those developments, and working to protect and promote the Cook Islands' national interests in accordance with agreed priorities.

Within this rapidly evolving context, the Ministry recognizes that our foreign affairs and immigration activities need to be strategic, focused and most importantly, responsive to our shifting political, economic, social and environmental priorities. In seeking to achieve the Ministry's vision of a safer and more prosperous Cook Islands, the strategic direction of te Kauono Tutara e te Mana Tiaki - Ministry of Foreign Affairs and Immigration is firmly based on four inter-connected tango/pillars that constitute the strategic priorities, and therefore direction, of MFAI:

1. *Te Paruru Tiratiratu: Security*

Protecting and promoting the security of the Cook Islands.

2. *Tupu'anga Ruperupe: Prosperity*

Pursuing international opportunities to promote economic and social prosperity for the Cook Islands through sustainable development.

3. *Tu Rangatira: Leadership*

Proactively contributing to domestic and international policy formulation, decision making and implementation to advance and protect the Cook Islands interests.

4. *Karape Kama'atu: Innovation*

Promoting innovative approaches to national priorities, opportunities and challenges through domestic and international action.

12.1.1. Vision

Taku Ipukarea kia Rangatira — A safe and prosperous Cook Islands through excellence in foreign affairs and immigration services.

That vision reflects the unique value and contribution MFAI makes towards realising the Cook Islands' Orama Ipukarea/National Vision as set out in the NSDA.

12.1.2. Significant achievements and milestones

1. Handover of the Pacific Island Forum (PIFs) Leaders chair role to incoming PIFs chair – Tonga.
2. Successful completion of PIFs TROIKA responsibilities. The Forum TROIKA comprises the previous, current and incoming Forum Chair.
3. Continuation of the establishment of diplomatic relations - Road to 100 new diplomatic relations (2022-2024).
4. Scoping works for the establishment of a new High Commission in Canberra – Australia.No significant milestones reported

12.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	PACIFIC REGIONAL AFFAIRS DIVISION (PRAD)
<p>The main purpose of this Output is to protect and promote Cook Islands' national interests in its relations with countries, territories and organisations in the Pacific Islands region. Towards that end, key output deliverables include:</p> <p>The maintenance and strengthening of the Cook Islands' close bilateral relations with other Pacific Islands countries and territories (PICTs); and</p> <p>The active participation of the Cook Islands in regional organizations of which it is a member and the development and strengthening of relations with other regional organizations and other regional bodies where that will serve to advance Cook Islands interests.</p> <p>The cross-cutting nature of Foreign Affairs outputs often makes it difficult to show direct relationships between PRAD actions at the regional level and the achievement of specific NSDA goals. PRAD outputs focus on policy analysis and advice; regional representation and advocacy of country positions including NSDA priorities; negotiation; facilitating implementation of bilateral/regional initiatives in the Cook Islands and administration. The emphasis is on strategic collaboration with a wide regional network and aligning this with local stakeholders and contributing to the attainment of the NSDA goals including through work programmes of regional organizations which often relate simultaneously to several NSDA goals.</p>			

NSDP Goal	NSDP Indic.#	Agency Strategic Plan Goal Key Policy Outcomes (High-level Summary)	High-level Work Programme Deliverables & expected date of achievement	Budget 2024-25	Budget 2025-26
02. Welfare and Equity	2.1 2.2 2.3	1. Te Paruru Tiratiratu: Security 2. Tupu'anga Ruperupe: Prosperity	Strengthen the Cook Islands' security framework and economic prosperity through strategic partnerships and initiatives within CROP, international multilateral fora (including the United Nations), and other relevant stakeholders/bodies.	Conduct a comprehensive review and enhancement of the SOSI 2 security programme, facilitate stakeholder meetings to align with the NSDA 2020+ and NSP 2023, and implement targeted initiatives for improvement based on detailed analysis.	1. Conduct periodic reviews of advanced training programmes on security and economic resilience to ensure they meet current challenges. 2. Regularly assess technology upgrades for data analysis in security and prosperity sectors for effectiveness and improvements.
03. Economy, Employment, Trade and Enterprise	3.4 3.6				
06. Infrastructure, Transport and ICT		1. Te Paruru Tiratiratu: Security 2. Tupu'anga Ruperupe: Prosperity	Lead and enhance the Cook Islands' contribution to regional initiatives that align with the NSDA 2020+ goals, ensuring active and impactful participation at the highest level and resulting in improved socio-economic outcomes for the Cook Islands.	1. Develop and provide high-quality advice and recommendations to Ministers and High-Level representatives via comprehensive briefing notes. 2. Streamline collaboration with the Cook Islands High Commissions (Suva and Wellington) to optimize resource allocation, and formulate a strategic engagement plan with high-profile development partners based on a	1. Facilitate annual reviews of participation in regional forums to evaluate impact and identify areas for deeper collaboration. 2. Undertake bi-annual studies to assess the effectiveness of regional cooperation models and adapt strategies accordingly.
12. Climate Change and Energy efficiency 07. Health

May 2020

14. Ministry of Health – Te Marae Ora

14.1. Background

Te Marae Ora (TMO) Ministry of Health leads the health sector in the Cook Islands as the policy advisor to Government, major health service provider and regulator of health professionals and services in the country.

14.1.1 Vision

All people living in the Cook Islands living healthier lives and achieving their aspirations.

14.1.2 Significant achievements and milestones

July 2023

1. Six (6) out of 12 Health Specialists Visits programme implemented from July 2023 to November 2023 (Mental health, Palliative care training, Urogynaecology, Paediatric cardiology, Orthopaedic and Ophthalmology team).
2. Also completed the audit of the June 2022 Financial Statements and receiving unmodified audit opinion. Successfully implemented the one step increment for Rarotonga staff.
3. Endorsement by Cabinet on the reviewed Patient Referral Policy. Rarotonga Hospital as a placement centre for medical internship programme in partnership with Fiji National University (FNU).

August 2023

1. Site visit by FNU for scouting an in-country postgraduate diploma in midwifery training programme. In addition, the opening of the additional and dedicated children's dental cubicle sponsored by BSP.

September 2023

1. TMO and Pasifika Medical Association Annual Health Conference conducted and signed a MOU on 12 September 2023 in Aitutaki. Received donated medical equipment from the Government of Japan.

October 2023

1. WHO Healthy Island Recognition Award for Best Practice: Work Smarter for a COVID -19 Safe Cook Islands MOH presented at the 15th Pacific Health Ministers Meeting held in Tonga. Additionally, received a Biomedical visit from SPC.

November 2023

1. Launched the Te Marae Ora Ara-Tango Anga'anga: Cook Islands National Health Strategic Plan 2023-2027 (NHSP 2023+). Opening of two (2) consultations buildings at TPHC funded by ADB and the Government of Japan.
2. External laboratory audit conducted by PPTC with success rate of 77%. Working in collaboration with CIIC for the opening of the Mangaia Health Buildings renovation work.
3. NCD Strategic Action Plan 2021-2025 mid-term review conducted.
4. Additional top up of \$1m to the Patient Referral Budget as approved by Cabinet.

December 2023

1. Launching of the Self-Test Cervical Screening and the Infection Prevention and Control (IPC) Guidelines.

14.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	PUBLIC HEALTH
<p>1. Public Health has five key service areas: health protection, public health nursing, health intelligence, health promotion and mental health.</p> <p>2. Health protection is responsible for implementing International Health Regulations (IHR) work programmes, including communicable disease control and mitigating environmental health threats.</p> <p>3. Public health nursing focus on child and family health e.g. child vaccination programmes and field investigation, contact tracing and case management for disease outbreaks in the Cook Islands.</p> <p>4. Health Intelligence leads the work around early detection of harmful outbreaks assisting public health decision makers with surveillance data and using intelligence products for targeted and strategic solutions to reduce public health risks.</p> <p>5. The Health promotion lead and implement health interventions to mitigate the impact of NCD risk factors, other communicable diseases such as HIV, tuberculosis (TB) and sexually transmitted infections (STIs) and to prevent injury and violence. The implementation of the community led National NCD Strategic Plan will be prioritised from 2021 onwards.</p> <p>6. Mental health services focus on implementing the National Suicide Prevention Plan and National Mental Health Strategy 2021-2025 through counselling or workshops to support persons in need, including support for a mental health facility (psychiatric ward) in clinical settings. TMO's COVID-19 response plans and public health protocols guides training for health workers and communities on healthy living, public health measures, contact tracing, quarantine and infection prevention and control will empower communities to better respond to epidemics from infectious disease such as COVID-19, and ensure communities make informed choices towards health lifestyles.</p>

OUTPUT:	03	OUTPUT TITLE:	PRIMARY CARE
<p>1. Primary care promotes patient-centred care in community setting with doctors (general practitioners) trained to diagnose and treat patients. COVID-19 has accelerated TMO's plans to expand health services to community settings through the Puna (Village districts) on Rarotonga and establishment of Community Health Clinics (CHCs) in each Puna. TMO will continue to deliver primary care services in refurbished community clinics on Rarotonga, in partnership with the Puna and communities. Health care assistants and primary care practitioners are being recruited to support the effective delivery of primary care in community clinics.</p> <p>2. The reorientation of health services to community settings takes health services to the population and enables the hospital to focus on critical accidents, emergency cases including persons requiring specialist care. Each Clinic will have a Clinician, Public Health Nurse, Dental Therapist, Health Protection Officer and Community Health Worker to deliver health services and lead health protection work in the community.</p>

OUTPUT:	04	OUTPUT TITLE:	HOSPITAL HEALTH
<p>The Hospital Health directorate is responsible for providing a range of health care services within hospital settings. This includes emergency care services, basic secondary, tertiary, rehabilitative and palliative care and referral to more specialised secondary and tertiary services in New Zealand, including referrals to community settings. This team facilitates access to visiting Health Specialists and work toward a long-term goal of reducing premature deaths, morbidity rates and ASH rates. COVID-19 has accelerated TMO plans to expand health services in community settings, freeing up hospital health to focus on patients requiring critical care. All clinical support services (pharmaceutical, radiology and laboratory) run from the hospital, including major accidents and emergencies.</p>

15. Infrastructure Cook Islands - Te Tango Anga'anga ō te Kuki Airani

15.1. Background

Infrastructure Cook Islands (ICI) is Government's principal agent for infrastructure policy and delivery. Our responsibilities current cover the following infrastructure sectors: Transport - We lead on construction of roads, airports (Pa Enea), ports (Pa Enea), drainage and bridges. Water - We provide support to Island Government's and communities in the Pa Enea. Waste - We drive waste management in Rarotonga and where we can, support the Island Governments. Geospatial and Hydrography - We are Government's primary agency for mapping to support infrastructure planning, building resilience, safety and economic development. Construction - We provide the building regulatory services for the country; Electricity - We house the electrical inspectorate.

ICI's strategic actions going forward will focus on continuing to improve our transport infrastructure network, including roads, bridges, Pa Enea airports and safe harbours. Support the Pa Enea in working towards water security; ensuring that drainage matters are attended to. Gain progress in addressing waste management. Advance our designing of infrastructure with use of spatial planning. Innovate planning with the development of necessary frameworks. Ensure that we fulfil our regulatory mandates, and build and strengthen partnerships. We anticipate to always strive to improve our internal processes so that our delivery is efficient and effective.

15.1.1. Vision

The Ministry strives to enrich our communities through quality infrastructure.

15.1.2. Significant achievements and milestones

1. Completed asphalt sealing from Tikioki to Tupapa, much of this done in 2023, as well as chip sealing an unprecedented number of link roads and backroads in Inave and Vaimaanga, as well as the roads around the National Auditorium.
2. Completed Maramou water gallery in Atiu; provided 70 household water tanks to Penrhyn and Manihiki, as well as complete the water catchment building and two community water tanks in Manihiki; installed 165 household water tanks in Aitutaki, with 65 remaining for installation (as at 21 February 2024).
3. Exported 15 X 20ft containers of aluminium cans and tins offshore; and through improved compacting as well as intensifying recycling, landfill expertise TA have indicated that the lifespan of the landfill has been extended an additional 10 years.
4. Positive contribution through Geospatial and Hydrography to support the Cook Islands application for extension of the continental sea shelf and addressing the outstanding matters on the Treaty between the Cook Islands and Kiribati on maritime boundaries.
5. Developed legislations on Solid and Hazardous Waste and Building Control, as well as tidy up the policy environment of the Ministry and appropriate tools to increase efficiencies and improve stakeholder engagement and experience.

15.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CORE AND SUPPORT SERVICES
<p>From the water we drink to the way we travel to work or school, infrastructure touches every aspect of human life. This premise underpins this output and ICI goal to ensure that we deliver on our core public services. ICI is Government's arm in ensuring that the construction and maintenance of roads, drainage and bridges are carried out and that building and electrical installations are permitted and safe. Furthermore, ICI lends its support to providing technical and other support to the infrastructure needs of the Pa Enua, when requested and where required. ICI is Government's primary agency for geoscience and hydrography to inform infrastructure planning, maritime safety, fish and mineral harvesting, environmental management, national spatial data infrastructure and climate change impacts modelling, as well as complying with our international maritime mapping obligations.</p>

15.3 Staffing Resources

Figure 15-1 Infrastructure Cook Islands organisational structure

16. Ministry of Internal Affairs - Te Tango 'Akarangatira Ora'anga

16.1. Background

The Ministry of Internal Affairs has a broad mandate covering a wide range of legislation and national policy. These include:

- 1.The provision of social protection through welfare benefits, allowances and subsidies including the pension, child benefit, maternity leave and power subsidy. This also includes the delivery of the Social Assistance Fund (SAF), a programme designed to improve the lives of those living with disability and/or elderly.
- 2.The development and implementation of national social policy for the vulnerable children, women, persons with disability and youth and families. This also includes the delivery of the Social Impact Fund (SIF), a programme designed for NGO's, CSO's and community groups to assist the vulnerable populations in service delivery.
- 3.The provision of Family Protection and support social services including the preparation of welfare and adoption reports and the Uipa'anga Kopu Tangata as per the Family Protection and Support Act 2017.
- 4.Ensuring workers are protected and employers comply with the Employment Relations Act 2012 and other workplace obligations such as workplace health and safety and the worker's compensation. COVID19 has also caused major labour shortages as well as labour issues between employers and employees.
- 5.Ensuring consumers are protected through fair trade practices Consumer Act 2008, Fair Trading Act 2008.
- 6.Regular cleaning and maintenance of public roads to ensure public safety and the management of the Rarotonga Community Beautification Programme and finally, ensuring films and other relevant forms of media are appropriately censored for general public viewing as per the Censorship Act 1985.
- 7.Ensuring films and other relevant forms of media are appropriately censored for general public viewing.

The Ministry has representative for 10 Pa Enea in order to deliver the above services nationwide.

16.1.1. Vision

Kopu Tangata Matutu, Iti Tangata Rangatira – Strong Families, Resilient and Connected Communities.

16.1.2. Significant achievements and milestones

- 1.Covid-Development of the Kopu Tangata Matutu Country Plan.
- 2.Development of the MIS System for the digital administration of welfare benefits.
- 3.Development of the National Positive Ageing Strategy.
- 4.Aitutaki Family Protection Board.
- 5.Chairing of the Pacific Women Leaders Conference.
- 6.The year 2023 White Ribbon Concert for a violence, free Cook Islands.
- 7.UNPRPD project to completion.
- 8.Hosting of the CRC Chair and the actions towards legislation changes for a safer nation for our Children.

16.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	WELFARE SERVICES
1. To administer the welfare payments to the most vulnerable in the community for a high standard of living. 2. To improve the living conditions of beneficiaries through the provision of special assistance. 3. Strengthen welfare policies. 4. Improve service delivery on Rarotonga and in the Pa Enuā.			

NSDP Goal	NSDP Indic.#	Agency Strategic Plan Goal or Key Policy Outcomes (High-level Summary)	High-level Work Programme Deliverables & expected date of achievement	Budget 2024-25	Budget 2025-26	Budget 2026-27
02.Welfare, and Equity		To provide an effective and efficient welfare payment system that meets the needs and expectations of the beneficiaries.	Efficient payment of Welfare Benefits. 17. Ministry of Justice - Te Tango Tutara ō te Ture

17.1. Background

Te Tango Tutara o te Ture, known as the Ministry of Justice ("the Ministry"), occupies a unique position within the structures of Government. Unlike the majority of Government Ministries, it has functions and responsibilities across both the judicial and executive arms of Government. Its judicial functions and responsibilities include maintaining an efficient and effective independent Judiciary, ensuring proper administration of our land system, providing registry services in a number of crucial areas, and upholding and enhancing respect for the rule of law and the principles of good governance. The Ministry does this through the administration of the Courts, and the provision of technical support to the Judiciary. Its executive functions and responsibilities include the development and implementation of policies giving effect to Government plans for the law and order sector. It also includes having effective and efficient systems in place, and accurate and trusted Registers that are accessible to the public.

The Ministry effectively works with the Judiciary to administer all the Courts in the Cook Islands that are presided over by Judges or Justices of the Peace, the Coroner's Court and any Coroner Inquests, and the Lease Approval Tribunal. The technical and legal expertise of the Ministry ensures the efficient and effective administration of justice in all islands of the Cook Islands. The Ministry ensures the proper documentation of land ownership and administers land trust funds.

Furthermore, the Ministry oversees the Births, Deaths, and Marriages Registries, the Companies Registry, the Incorporated Societies Registry, the Personal Property Securities Registry, and the Electoral Roll in accordance with governing legislation.

17.1.1. Vision

For a safe, secure, just and fair society with trusted land management and information and register systems.

17.1.2. Significant achievements and milestones

No significant achievements and milestones reported.

17.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	HIGH COURTS - LAND COURT DIVISION
<p>The High Court's division is responsible for the management and support of the Courts and Tribunals. The division is headed by the Registrar - High Courts and supported by the Deputy Registrar - Criminal & Civil Court, the Deputy Registrar - Land Court, Deputy Registrar - Land Administration, and the Stenography Services Manager. Eleven (11) Deputy Registrars (DR) from the Pa Enea also report to the Registrar - High Courts.</p> <p>The core deliverables of the Division are:</p> <ol style="list-style-type: none"> 1. Supporting the Judges, Justices of the Peace and laymen in Court proceedings. 2. Scheduling Court sittings and managing the jury selection process. 3. Coordinating and conducting Meetings of Assembled Owners (MOAO). 4. Conducting monthly and special sittings of the Leases Approval Tribunal (LAT). 5. Assisting with the management of the Land Agents Registration Board. 6. Scheduling Parole Board meetings. 7. Conducting and supporting coronial inquiries. 8. Managing Court processes and applications relating to land, civil, and criminal proceedings. 9. Managing and collecting fines based on Court orders. 10. Issuing and enforcing Court orders. 11. Executing warrants and collection of reparation. 12. Managing the land and tribal title registries.

18. Ministry of Marine Resources – Tu’anga ō te Pae Moana

18.1. Background

The Ministry of Marine Resources was established in 1984 to provide for the conservation, management, exploitation, development and sustainable use of the living and non-living resources in the Cook Islands fishery waters, and in accordance with the Ministry of Marine Resources Act 1984 and the Marine Resources Act 2005, for the benefit of the people of the Cook Islands. The Ministry of Marine Resources is the primary regulator for marine resource and fisheries management purposes, with a leading role in technical, administrative, and advisory services relating to marine resource management, and to provide monitoring, compliance and scientific services relating to development projects involving Cook Islands marine resources. Its programmes are closely coordinated with other Government Agencies, including outer Island Administrations and authorities and their communities. The Ministry is also responsible for administering the Maritime Zone Act 2018.

18.1.1. Vision

Ensuring excellent stewardship of our marine resources.

Our Vision is that the Ministry of Marine Resources delivers well-balanced conservation and sustainable development of marine resources for the Cook Islands.

18.1.2. Significant achievements and milestones

No significant milestones reported

18.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	OFFSHORE FISHERIES
1. To expand benefit deriving opportunities from sustainable offshore fisheries, through effective management and policy, capacity building, infrastructure and market development. 2. Enhance scientific knowledge and research capabilities to support sustainable ecosystem management approaches, and evidence-based decision-making. 3. Enhance monitoring, control and surveillance capabilities to ensure compliance with MMR’s regulatory framework and to contribute to the broader security of the Marae Moana.

19.3. Staffing Resources

Figure 19-1 Office of the Ombudsman organisational structure

Te Mato Akamoeau – Office of the Ombudsman

Organisational Structure - April 2020

20. Office of the Prime Minister - Kōutu Mana Tutara ō te Ipukarea

20.1. Background

The Office of the Prime Minister supports the Prime Minister and Cabinet to ensure that the Government of the day meets its obligations for sound governance of the Cook Islands. It is responsible for implementing sound processes and policy advice on the national sustainable development goals and the direction of the Cook Islands. As a central Agency, it contributes to the delivery of core services by line Agencies. The OPM has added responsibilities for building resilience to the effects of climate change and sustainable energy.

20.1.1. Vision

Turanga tukatau, 'akaterē'anga tau' e te matutu – A well governed, resilient and secure Cook Islands.

20.1.2. Significant achievements and milestones

1. High level policy development – National Security Policy & National ITC Policy.
2. Support to the PM for enhanced international engagements as PIFS Chair and hosting of the PIFS Chair and hosting of the PIFLM52 Conference.
3. New strengthened governance committees – Cannabis Referendum Committee, Marae Moana Council & Technical Advisory Group, National Ethics Research Committee, Pa Enea Mayors Forum.
4. Transformative development – OPM ICT and Vodafone project for Pa Enea digital connectivity via O3B satellite and 4G mobile platforms, \$30 million Climate Change Green Climate Fund proposal for climate resilient residents. Approximately ten thousand buildings updated to disaster risk management GIS systems (GeoPortal), support for high-resolution LiDAR digital mapping of the Cook Islands.
5. OPM ministry continues to have oversight of ten divisions with broad range and challenging mandates; i.e. Cabinet Services, Central Policy and Planning, Pa Enea Governance, National ITC Office; Emergency Management Cook Islands (EMCI), Renewable Energy Development Division (REDD), Climate Change Cook Islands Office (CCCI), Marae Moana Coordination Office (MMCO), Corporate Services Division, National Security Directorate (NSD), Office of the Chief of Staff (CoS), Support for Prime Ministers Ministerial Support Office.

20.3. Staffing Resources

Figure 20-1 Office of the Prime Minister organisational structure

21. Office of the Public Service Commissioner – Paepae Ropi'anga o te Kavamani

21.2. Background

OPSC administers the functions of the Public Service Commissioner (who is the Head of the Cook Islands Public Service) identified in the Public Service (PS) Act 2009. It also promotes the implementation of the Government's Public Sector Strategy 2016-2025 by monitoring the performance of the fourteen Heads of Ministries against the Strategy. The Vision of the Strategy is "a Public Service of Excellence". The Strategy has identified that the Vision can be achieved by strengthening three priority areas:

- (1) People - Progressive and high performing public sector employees;
- (2) Structures - A relevant and fit for purpose public sector; and
- (3) Systems - Responsive service delivery.

The following values underpin our work:

- Honesty - Acting honestly, being truthful and abiding by the laws of the Cook Islands;
- Impartiality - Giving free and frank advice, acting without fear or favour and making decisions on their merits;
- Service - Serving the people well through faithful service to the Cook Islands Government;
Transparency - Taking actions and making decisions in an open way;
- Accountability - Taking full responsibility for all actions and decisions;
- Respect - Treating everyone with courtesy and respect;
- Effective - Achieving good results in everything undertaken; and
- Efficient - Achieving good results in an economical way.

These values will be practiced with Empathy which means understanding and being respectful of the feelings of Public Servants when they are seeking assistance and Impartiality which means making decisions based on their merits and considering all sides of an issue. OPSC employees will collaborate to meet its objectives and achieve its goal by working as a team and in partnership with our stakeholders and we will engender trust, we will be reliable, supportive and have confidence in one another

21.1.1. Vision

Leading a Public Service Excellence

21.1.2. Significant achievements and milestones

- 1.The CIGOV Functional Review completed. A submission is being made to Cabinet to consider and approve the implementation phase of the FR recommendations, which OPSC will coordinate.
- 2.The PSC conducted a total of 5 HoM recruitments; appointed 3 new HoMs to Ministry posts (MOE, MOCD, ICI) and 2 HoM employments contracts rolled over terms in office for a further three years (INTAFF, TMO). The PSC also conducted the recruitment for the Clerk of the House of Ariki position - this is the first time for an open and transparent recruitment process to be applied for this position, previously, it was the Minister who chose the Clerk.
- 3.Have completed the Monitoring, Evaluation and Systems Assessment (MESA Inception Report) with the MESA Project Team (NZ) in December 2023. A second phase of this project is being developed and will involve further consultations in 2024.
- 4.A number of training and development initiatives taken to enhance the OPSC work environment and upskill employees. Staff completed an 8-week training programme on 'Workplace Training' with

Mereani Talbot from November 2023 - January 2024. As a result, a number of changes were made to the way OPSC operates, for example, the way staff meetings are conducted, celebration of staff successes and the development of a Service Charter for OPSC. OPSC conducted an online 'Strength Finders review' for individual staff to identify their key strengths and ways to improve them.

5. Five OPSC Staff received recognition awards for personal and career developments: Two OPSC staff successfully completed the 'Foundations of Leadership' online training programme through the Pacific Fale (NZ). Two staff successfully completing the 'Integrity and Ethics' online training programme with Pacific Fale. One staff successfully completing the UNITAR Disaster Risk Reduction (DRR) Training Programme with 'Women in Leadership' and being accepted into Phase Two of this Programme in March 2024. One staff was offered a short-term Secondment Placements with the NZ Public Service Commission (Wellington).
6. Another very successful financial audit of the office receiving yet another 'unmodified audit opinion' for four years in a row.
7. OPSC received the Public Service of Excellence Award for the previous FY because of getting 4A for its annual performance review.
8. Released our first OPSC Newsletter "Te Kura 'Akararangi'angia' in December 2023, after a 3-year hiatus. The newsletter highlights key information on different CIGOV HR Policies.
9. OPSC has conducted five Public Sector Orientation training programmes; this includes separate sessions dedicated to ICI staff only and another to TMO staff only. OPSC conducted eight HoMs meetings this FY.

21.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	POLICY & PLANNING
1. Provide policy advice and support policy development ensure effective Human Resource Management (HRM) practices 2. Conduct machinery of Government reviews to ensure functions and organisational structures are relevant 3. Provide support to Ministries and Agencies to improve performance

22. Parliamentary Services

22.1. Background

The Cook Islands Parliamentary Services is responsible for the Civil List and the Legislative Service Appropriations by ensuring that Parliamentary democracy through good governance and gender sensitivity is navigated and nurtured according to the Legislative Service Act 1968-69; Civil List Order 2004; Civil List Act 2007; Remuneration Tribunal Act 2021; Remuneration Tribunal Order 2019 and other relevant legislations including Executive Council Orders, Standing Orders of Parliament and Articles 27 and 45 of the Constitution of the Cook Islands.

22.1.1. Vision

A transparent, modern, inclusive, and efficient Parliament.

22.1.2. Significant achievements and milestones

No significant milestones reported.

22.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CONSTITUTIONAL FUNCTIONS
<p>1. Parliament is the pivotal institution of modern representative democracy. Through the election process, the people of the Cook Islands Elects Members of Parliament to represent their interests at the national level, discuss and debate matters of concern to the community and ensure that public institutions are adequately tackling the challenges that the country faces.</p> <p>2. Quality legislative work requires that MPs can spend enough time working on draft bills, either working in committees, consulting with their constituents, and discussing and voting in plenary. Parliament aims to develop a regular Parliament sitting schedule in order to facilitate regular sittings and improve the capacity of MPs to plan ahead their attendance at Parliament sittings.</p> <p>3. Parliament will aim at strengthening its contribution to the development of frameworks and policies that ensure accountability and transparency in the way that public money is used in the Cook Islands</p>			

NSDP Goal	NSDP Indic.#	Agency Strategic Plan Goal or Key Policy Outcomes (High-level Summary)	High-level Work Programme Deliverables and expected date of achievement	Budget 2024-25
15.Governance	15.7	A Parliament that represents the people of the Cook Islands in a more inclusive manner	<p>Providing timely and adequate information on Parliament to the constituents of the Cook Islands.</p> <p>A Parliament that efficiently engages with stakeholders.</p> <p>An inclusive Parliament for the people of the Cook Islands.</p>	<ol style="list-style-type: none"> 1. 3 Speaker's debate 2. Strong social media presence. 3. Timely publication of Hansard reports 4. Comply with OIA requirements 5. Increase number of Women Parliamentarian in the Caucus 6. Development of a communication strategy 7. Develop solutions to address the language issue. 8. Upload all public documents to website 9. Practice Parliament for Youth & Women.
15.Governance	15.7	A strengthened efficiency of the Parliamentary oversight of the Executive	<ol style="list-style-type: none"> 1. Increase the contribution of Parliament to the improvement of the Cook Islands' legislative framework 2. Strengthen parliamentary planning - setting up of a Parliamentary schedule. 	<ol style="list-style-type: none"> 1. Training programs for MP and staff 2. review of research and library activities 3. All bills go through Committee stage 4. All members receive adequate information and background on substance and objectives of bills 5. Parliament sitting schedule set up 6. Consolidation of Cook Islands laws 7. Resources allocated for systematic public consultations in the outer islands
15.Governance	15.7		<ol style="list-style-type: none"> 1. A more robust Parliamentary contribution to Public Financial Management in the Cook Islands 	<ol style="list-style-type: none"> 1. Contribution of Parliament to MFEM Act Review in order to strengthen the role of PAC 2. Automatic review of financial annual reports by PAC

24. Cook Islands Seabed Minerals Authority – Runanga Takere Moana

24.1. Background

The role of the Seabed Minerals Authority (SBMA) is established under the Seabed Minerals Act 2019 (Act) to:

- regulate seabed minerals (SBM) activities under the jurisdiction of the Cook Islands in accordance to the Act;
- ensure a robust licensing framework is implemented effectively;
- provide policy advice to government regarding the development of the SBM sector.

Governance responsibility lies with the Minister of Seabed Minerals, while SBMA carries out its regulatory function using a multi-disciplined and multi-agency approach, under the leadership of the Seabed Minerals Commissioner. The National Environment Service (NES) is responsible for environmental management.

The Minister of Finance and Economic Management is responsible for developing and overseeing the fiscal regime for the SBM sector. The SBM Commissioner is responsible for the day-to-day management of the SBMA and the Authority's performance, including personnel recruitment and performance.

An Advisory Committee provides community input and advice to SBMA and the Minister on the development of the sector.

A Licensing Panel comprised of experts from legal, environmental, financial, geological, maritime and engineering fields review and assess license applications and provide recommendations to the Minister of SBMA.

24.1.1. Vision

A sustainable minerals future for Cook Islanders.

24.1.2. Significant achievements and milestones

1. First Cook Islands geomorphological map developed. Rima Browne won an international award for this work.
2. First Cook Islands seabed minerals resource estimate completed to JORC code.
3. Cook Islands seabed habitat management zones developed.
4. First dedicated seabed environmental regulations passed (collaboration with NES).
5. Monitoring, Compliance Enforcement Framework developed.

24.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	POLICY AND REGULATORY OVERSIGHT
<ol style="list-style-type: none"> 1. Demonstrate visionary leadership to building alliances with national, regional and international partners to advance the Cook Islands interests in the development of the Seabed Minerals (SBM) sector 2. Develop and provide policy and strategic advice and positions that support the government's precautionary and inclusive approach to the Cook Islands SBM sector development 3. Continuously develop and maintain a comprehensive regulatory framework to monitor and regulate SBM activities safely and responsibly through laws, regulations, standards and guidelines aligned with international best practice 4. Contribute to the development of international rules, standards and guidelines regulating the international SBM sector as a member state of the International SBM authority and fulfil sponsoring state obligations 5. Develop and build the capacity of staff and partner organisations involved in the development of the SBM sector.

25. Cook Islands Tourism Corporation – Te Mato Manava Turoto

25.1. Background

To encourage and promote the development of tourism in the Cook Islands, as such manner will achieve sustained growth, and in a manner, which is economically viable, socially acceptable and environmentally sustainable.

25.1.1. Vision

Na te kimi puapinga turoto e akameitaki i te oraanga mataora o te tangata e noo nei ki te Ipukarea.

Tourism advances the well-being of resident Cook Islanders.

25.1.2. Significant achievements and milestones

DESTINATION MARKETING

1. First full year of service for 3 new routes – Honolulu, Sydney, Papeete: Never before has the Cook Islands had 3 supported flights deliver its first year of service at the same time, adding an approximate 49,000 seats annually into Rarotonga.
2. 4th Flight SYD/RAR service with Jetstar introduced for 10 months of the year - This addition after less than 6 months of the inaugural launch of the SYD/RAR service. Now guaranteeing year round service including 3 flights a week for February and March. This service will assist in reversing traditional low season visitor numbers and assist in realising year round business, thus boosting the Visitor Economy.
3. Donor/Delivery Partners - First Time Engagements - For the first time, successfully completing partnerships for tourism direct projects valuing \$400K+ for
 - (a) Optimal Tourism Research - Cook Islands Tourism Carrying Capacity Scoping Study: With ADB as delivery partner, the Cook Islands completed its first ever holistic scoping study identifying all the factors (and invisible burdens) requiring consideration when looking to 'optimise' tourism in the Cook Islands.
 - (b) Visitor Economics - dashboard derivative of Tourism Satellite Accounts, supported by ERDI
 - (c) CI Tourism Marketing Strategy - Post-opening evolution, revised to consider the new landscape and visitor data, support by PSDI
 - (d) Brand and Stakeholder Comms Strategy - extended to a cross-sectoral approach in amplifying the LALP brand and implementation, supported by PSDI
4. Multi-Award Winning Tourism Destination:
 - World Travel Awards 2023 - Oceania's Leading Island Destination 2023: Cook Islands
 - Frommers Best Places to Visit in 2024 - Cook Islands
 - Winner Graphic Design USA 60th Annual Showcase - Cook Islands Tourism 360 Virtual Tour - LookBeforeYouBook.tours - from over 9000 entries.
5. Tourism Digital Stewardship: Leading the destination in over 1.3M website views, 3.8M page views, 1M+ Facebook followers.

25.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	DESTINATION SALES & MARKETING
<p>The function of Destination Sales & Marketing is to promote the Cook Islands as a holiday destination in its source and emerging markets, in order to grow the tourism industry and the Cook Islands economy for the benefit of resident Cook Islanders. Key to the strategy is negotiation of airline access, creating destination awareness through paid, owned and earned media, and providing tools for consumers and trade to consider the Cook Islands and leverage key trade partners to convert interest into bookings. Given CVODI19, the Output remains the same, but with an additional lens to grown back business and strengthen conversation.</p>

26. Ministry of Transport - Te Mana Tumotu ō te Kuki Airani

26.1. Background

The purpose of the Ministry of Transport is to create and maintain a safe, predictable and cost-effective environment for users of aviation, maritime and road transport operators, customers and travellers. Goal 6 of the NSDA 2020+ is connecting our Nation through Infrastructure, Transport and ICT. In particular to promote regular and reliable transport as defined by Indicator 6.3 - Transport Connectivity Index. Civil Aviation is to maximise aviation safety and security through a regulatory regime, detailed technical material on safety and security standards, comprehensive aviation industry oversight, risk analysis, industry consultation, education and training. Maritime Safety is to ensure access to safe, affordable, reliable, sustainable and modern energy efficient transport for all persons in the Cook Islands.

The Ministry of Transport assesses the frequency and affordability of domestic air and shipping services against benchmarked standards. We aspire to improve transport services between our islands to ensure that all people in the Cook Islands have adequate, reliable transport via shipping and air links. These links are crucial to enhance the economic viability of the Pa Enua and connect our Cook Islands community. In addition, Land Transport is developing a National Land Transport Policy to guide the strategic direction, structure, roles and responsibilities of stakeholders within the sector. Aviation, maritime and land transport is inclusive of climate change and environmental impacts on the Cook Islands in collaboration with leading government agencies.

Further, The Ministry of Transport has responsibilities under Goal 12 - Climate Change, Resilience, Renewable Energy and Energy Efficiency. The Cook Islands Meteorological Services is to ensure the integrity of the monitoring of the Cook Islands weather observation network to enhance the accuracy, effectiveness and understanding of impact-based forecasts. Further through the provision of latest weather updates and forecasts for the Northern and Southern Pa Enua. To achieve this, we remain committed to the continuous advancement of our weather data, information systems, early warning monitoring and people development.

In summary, the Corporate services ensures the compliance with Government practice,. maintain effective compliance and licensing in liquor licensing and dangerous goods, develop and manage the workforce and resources, and monitoring performance.

26.1.1. Vision

A Safe, Secure and Resilient Management of our Land, Sea and Air.

26.1.2. Significant achievements and milestones

1. Maritime Safety Authority carried out a total of 235 small motorized vessel (smv) inspections on Rarotonga (41), Mangaia (25), Atiu (18), Mitiaro (19), Rakahanga (24), Manihiki (67) and Penrhyn (41). 348 smvs were registered and entered into the database. Top two islands with most smvs are Manihiki (104) and Penrhyn (98).
- 2.5 CI Boatmaster courses were taught to 65 participants on Rakahanga (12 participants), Manihiki (22), Penrhyn (31)-with 14 women participants. Revalidations were given on Rarotonga (9), Manihiki (1), and Mitiaro (1). Safety gear was donated by PMSP but problems uplifting and disseminating the gear has meant that only Southern Group had received equipment to date.
3. January 2023, saw the first time formal awareness raising of Land Transport activities in the Pa Enua. The scoping visit to Aitutaki confirmed up to 21 transport operators in Aitutaki. This resulted in the

first ever licensed taxi operator for Aitutaki. The visit also generated interest from a rental vehicle operator to be considered as the fourth Warrant of Fitness (WoF) issuer in Aitutaki. To date, Cook Islands Police is progressing next steps for WoF accreditation.

4. Climate Early Warning System (CLEWS) performance was 90% this year with Rarotonga reporting 100% of the time. 549 weather bulletins were issued for the Cook Islands where 30 were Strong Warnings for the Northern Cooks and 20 for the Southern Cooks. 6 Damaging Swell warnings were issued. 10 Tsunami warnings were given in the last 6 months with the highest of 7.7 on the Richter scale
5. A total of 165 Liquor License Premises were processed with 53 from the Pa Enea and 112 from Rarotonga with 426 Managers, 102 being from the Pa Enea and the remaining 324 for Rarotonga. There was also 5 Special license processed and granted for the year. Revenue collected for the year stood at \$63,917 in excess of \$13,917 from our annual budget of \$50,000. There were 70 inspections conducted, 29 being Rarotonga Premises and 41 from the Pa Enea. We were fortunate to have done most of the Pa Enea inspections having 78% from Aitutaki; this was made possible by the team that travelled across to process applications. We aim to do a 100% inspections of premises on Rarotonga and Aitutaki in collaboration with MOH and CI Police.

26.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CIVIL AVIATION AUTHORITY OF THE COOK ISLANDS
<p>The Ministry of Transport through its Civil Aviation Authority of (the) Cook Islands works with industry groups to reach consensus on international civil aviation Standards and Recommended Practices (SARPs) and policies in support of a safe, efficient, secure, economically sustainable and environmentally responsible civil aviation sector. These SARPs and policies are used by the Cook Islands to ensure that domestic and international civil aviation operations and regulations conform to global norms, which in turn permits more than 100,000 daily flights in aviation's global network to operate safely and reliably in every region of the world. The Authority includes the Pa Enua as part of its safety and security responsibility.</p>			

NSDP Goal	NSDP Indic.#	Agency Strategic Plan Goal or Key Policy Outcomes (High-level Summary)	High-level Work Programme Deliverables & expected date of achievement	Budget 2024-25	Budget 2025-26	Budget 2026-27	Budget 2027-28
06.Infrastructure, Transport and ICT	6.3	Ensure an accountable regulatory regime is implemented to an international standard.	Promote international aviation safety through regular audits of aviation stakeholders to determine their ability to maintain effectively their safety oversight systems	Review and Update operators licensing, certification, authorisation and approval obligations	Participate in the ICAO General Assembly in Montreal, Canada	Conduct a comprehensive audit of the aviation sector	Review and mitigate findings from the audit
06.Infrastructure, Transport and ICT	6.3	Ensure flights in, out and around the Cook Islands are in line with international safety standards	Promote international and national safety standards through maintaining compliance with International Civil Aviation Organisation (ICAO) standards and recommended practices (SARPs)	Conduct inspection of Part 139 - Aerodrome and Part 140 - Security of Pukapuka, Manihiki and Penrhyn aerodromes	Celebrate International Civil Aviation Day with stakeholders	Conduct inspection of Part 139 - Aerodrome and Part 140 - Security of Aitutaki, Atiu and Mangaia	Conduct inspection of Part 139 - Aerodrome and Part 140 - Security of Mitiaro and Mauke airports
06.Infrastructure, Transport and ICT	6.3		Compliance with certificates and licensing regulations.	Conduct a Aerodrome Emergency Plan Exercise on Mangaia and Aitutaki Airport	Conduct a Aerodrome Emergency Plan Exercise for Atiu, Mitiaro and Mauke	Conduct a Aerodrome Emergency Plan Exercise for Pukapuka	Review the Pa Enua Exercises and develop an advisory directive for 3 Southern Pa Enua
06.Infrastructure, Transport and ICT	6.3		Regularly review the frequency of domestic air services and connection to the Pa Enua.	Develop a domestic air services committee with terms of reference to review Pa Enua connectivity	Review Pa Enua connectivity and recommend improvements to strengthen frequency	Implement outcomes of the domestic air service committee	Analyse previous years domestic connectivity for improvements to Pa Enua

NSDP Goal	NSDP Indic.#	Agency Strategic Plan Goal or Key Policy Outcomes (High-level Summary)	High-level Work Programme Deliverables & expected date of achievement	Budget 2024-25	Budget 2025-26	Budget 2026-27	Budget 2027-28
06.Infrastructure, Transport and ICT	6.3	Managing a comprehensive oversight of the aviation industry	Effective administration of the Civil Aviation Regulations.	Review and recommend amendments to Cook Islands Civil Aviation Act	Participate at ICAO, PASO Council and Aviation Officials Meeting on safety and security inclusive of the environment	Review and update the Aviation Security Act 2008	Draft policy to include amendments to the Aviation Security Act 2008
			Undertake regular risk analysis and mitigation strategies.	Conduct an aviation security risk assessment with a report on 2 (Northern) Pa Enea airports	Conduct an aviation security risk assessment with a report on 2 (Southern) Pa Enea airports	Update the States Aviation Risk Assessment Context	Review Rarotonga Risk Assessment Context

Figure 26-1 Ministry of Transport organisational structure

27. Aitutaki Island Government

27.1 Background

The Aitutaki Island Government role is as follows:

1. Implementation of Government policies, leadership and maintaining effective relationships with all relevant stakeholders.
2. Provide quality Public Services in areas of Infrastructure, Water, Waste Management, Agriculture, Women and Youth projects, and Economic Development.
3. Administering Community Services through partnership with the Island Council members.
4. Applying good employer principles under the Public Service Act and implementing actions to promote an effective communication, and adherence to the Public Service values and code of conduct.

27.1.1. Vision

Ko te tavini Iti Tangata e kia pumaana te katoatoa.

To provide service that meets the satisfaction for all our customers.

27.1.2. Significant achievements and milestones

1. Successful hosting of the Retreat Program for the Pacific Island Leaders Forum in November 2023.
2. Maintenance work of Roads on the Island was properly addressed and carried out.
3. Rubbish and solid waste collection was carried out successfully for the year.
4. Multiple community work was carried out during the year in partnership with the Council members.
5. Budget allocation and costing was successfully achieved to meet financial obligations.
6. Completion of the Japanese Project for 5 Water Tanks that needed to be repaired from the damages of Hurricane Pat in 2010.

27.2. Outputs and Key Deliverables

27.3. Staffing Resources

Figure 27-1 Atiu Island Government organisational structure

28. Mangaia Island Government

29.1. Background

The Mangaia Island Administration is responsible for delivering standard public services to the community of Mangaia Island with the following key deliverables:

1. Corporate Services, financial administration and council services plus assisting with revenue generating opportunities to encourage sustainable economic development.
2. Public Utilities, power and water including house electrical, plumbing, renewable energy and waste recycling.
3. Infrastructure and Airport including roads, harbour, Airport maintenance, litterage and waste disposal.
4. Agriculture and Natural Resources including beautification, livestock, fruit trees and planting.
5. Social and Economic Development covering Tourism, Culture and Community, including recycling and environment.

29.1.1. Vision

The Vision for the Mangaia Island Government is for improving the wellbeing of our Community.

29.1.2. Significant achievements and milestones

1. We have managed to install the new 150,000lt water tank, increasing water security for Oneroa.
2. The 144kw Cummins Generator has been installed and operational for power security for all of Mangaia.
3. The Tar sealing had begun utilizing our existing resources, concentrating on priority areas around the island first.
4. The Infrastructure Workshop has been reconstructed and fitted out appropriately fit for purpose.
5. The Bicentennial was wrapped up with all halls, meeting houses and accommodation ready on time, as well as the main events Venue and the program run smoothly, and hosting was carried out professionally during that period.

29.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CORPORATE SERVICES
<p>Corporate services oversee the Island Government's operations to ensure efficiency, effectiveness and proper management of activities and planning to achieve the needs and priorities of the community.</p> <p>This output is responsible for;</p> <ol style="list-style-type: none"> 1. Provide monthly financial reports to the Island Government; 2. Policy and strategy development; 3. Human resource management; and 4. 29.3. Staffing Resources

Figure 28-1 Mangaia Island Government organisational structure

29. Manihiki Island Government

30.1. Background

The Manihiki Island Government have through consultation with their community and in reference to the Manihiki Community Development Plan, they have identified six fundamental sectors and priority areas where their efforts will be concentrated in the coming years. This will ensure an improvement of the quality of life for the people of Manihiki.

They will target strategic actions within the sectors of:

- 1.Economic Development: Agriculture, Black Pearl Farming, Fisheries
- 2.Infrastructure Development: Airport, Water Supply, Roads, Energy, Mechanical Assets, Telecommunication
- 3.Social Development: Education, Health, Gender, Youth & Sports, Culture
- 4.Environmental Sustainability: Environment, Waste Management, Lagoon Management
- 5.Safety and Resilience: Disaster Management, Police and Public Safety, Climate Change Risks
- 6.Good Governance: Local Government

Planning within these sectors have been aligned to that national planning processes and reflects national priorities as encapsulated in the National Sustainable Development Agenda (NSDA 2020+)

30.1.1. Vision

Oraanga Tu Rangatira tei tau ki to tatou tu Manihiki.

Quality of life in harmony with our Manihiki Culture and Environment.

30.1.2. Significant achievements and milestones

- 1.Completion of renovations/upgrade of Community Water Catchments - Tukao/Tauhunu 2023/2024.
- 2.Delivery of 70+ 6000 litre water tanks and connected to households - 2023/2024.

30.2. Outputs and Key Deliverables

29.3. Staffing Resources

Figure 29-1 Manihiki Island Government organisational structure

30. Mauke Island Government

31.1. Background

The role of Mauke Island Government is to deliver standard public services to the community of Mauke Island. Key deliverables include but not necessarily confined to:

1. Infrastructure Amenities e.g., road and drainage maintenance, Airport and Harbour maintenance, heavy machinery hire, lighterage, roadside maintenance and beautification, waste disposal, building maintenance etc.
2. Energy: power generation and distribution, household electrical services.
3. Water: Supply pump maintenance and water distribution, plumbing and drainage services.
4. Financial Administration and Council Services, Revenue generating opportunities to encourage sustainable economic development.
5. Agriculture: Support farmers to develop agriculture growth on the island.
6. Gender and Cultural Development: Support gender equality, youth development, elderly and disabled enhanced way of life, sports and tourism development.

31.1.1. Vision

No taku iti tangata, no taku ipukarea. For our people, for our heritage. Bring our people home, make our island strong.

31.1.2. Significant achievements and milestones

No significant milestones reported.

31.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CORPORATE SERVICES
<p>Corporate services oversee the Island Government's operations to ensure efficiency, effectiveness and proper management of activities and planning to achieve the needs and priorities of the community.</p> <p>This Output is responsible for:</p> <p>Monthly financial reports to the Island Government;</p> <p>Policy and strategy development;</p> <p>Human resource management; and</p> <p>Ensuring the administration and management of the Island Government comply with the Public Service Act 2009, the Ministry of Finance and Economic Management Act 1995/96, the Public Expenditure Review Committee and Audit Act 1995/96.</p>

31.3. Staffing Resources

Figure 30-1 Mauke Island Government organisational structure

32. Mitiaro Island Government

32.1. Background

The Mitiaro Island Government (IG) established under the Island Government Act 2012- 2013 (“the Act”), operates under the provisions of the Act, with its main function being *‘to provide good, efficient and effective governance for the island in relation to those responsibilities conferred upon it by or pursuant to the Act, and any other law’*.

Some of its main functions are to:

1. Act in the public (Island Community) interest;
2. Pursue policies that are consistent with the National Government policies;
3. Deliver public facilities and services in the best interests of the island’s community, and on behalf of the national Government.

The provision of the Act has conferred the responsibility of governance of the individual islands, to the elected members of the Island Government – namely the Island Council.

32.1.1. Vision

Kia rauka tetai tūranga mātūtū e pērā te māroiroi nō te akapāū'anga e, kia riro mai matou ei iti tangata meitaki i te Pa Enea.

To be a vibrant and caring Island community in the Pa Enea.

32.1.2. Significant achievements and milestones

1. Completion of installation of digital meter boxes and streetlights from 2021. Due to lack of funding, this project started in June 2023 and ended in September 2023 - Renewable energy.
2. Installation of VHF (very high frequency) radio funded by Emergency Management Cook Islands. Installation was completed by Vodafone technicians in July after installing the 4G network.

32.2. Outputs and Key Deliverables

OUTPUT:	01	OUTPUT TITLE:	CORPORATE SERVICES
<p>Corporate services oversee the Island Government's operations to ensure efficiency, effectiveness and proper management of activities and planning to achieve the needs and priorities of the community.</p> <p>This Output is responsible for:</p> <ol style="list-style-type: none"> 1. 34.3. Staffing Resources

Figure 34-1 Penrhyn Island Government organisational structure

35. Pukapuka and Nassau Island Government

35.1. Background

The Pukapuka/ Nassau Island Administration is responsible for the following:

- 1.To provide administration and management support to the Pukapuka/ Nassau Island Government.
- 2.Perform all administrative and management duties in adherence to good governance and employer/ employee relationship principles.
- 3.To provide and ensure accurate and timely reporting of all finance related obligations to Government as set out in the agreed and signed MOU with MFEM.

35.1.1. Vision

Te Wenua ke Malanga.

- Is a significant phrase in which the spirit and the aspirations of our people are entrenched in. It is the continuous need for improvement to quality of life and the driving force behind this present Administration's vision and that is:
- To help our people achieve the best levels of self-development possible, to do the best we can do and be the best we can be.
- To promote, strengthen and realise our cultural, social, economic, infrastructure and environmental ambitions, and be efficient and autonomously sustainable with all of them.
- To forge strong mutually beneficial working relationships with our sister Outer Islands, the Private Sector, Donor Partners, Clients, other Stakeholders and Government, having in mind our best interests, with the aim of helping us achieve our aspirations as set out in our Community Strategic Development Plan (CSDP) and the Government's National Strategic Development Agenda (NSDA 2020+).

And only in partnership with Government and a collaborative effort from all sectors right across the board, can Pukapuka/Nassau Island Administration aim to, step by step, achieve this, Vision.
